

Evaluation of the second session 11.09 2012

## Topic: Basic health knowledge

For the volunteers to give their opinion of the content of the lecture by giving a score on a **satisfactory barometer**

Picture to the left; this is the drawn barometer. The three following categories were used:

1. discuss with others
2. knowledge regarding public health
3. experience regarding group work

Picture to the right; the dots placed on the barometer by the volunteers.

Picture underneath: a closer look on the volunteers opinion.
